Maintenance Report

Operational status and sensor-condition information for maintenance review.

Report ID: AS-MNT-2026-11-02 **Report date:** 02 November 2026 **Area:** Nagin Nagar

Maintenance status overview

Pipelines in snapshot	Marked Under Maintenance	CRITICAL sensor condition
8	1	2

Pipeline maintenance review

Pipeline	Operational status	Condition	Score	Review priority
PL-1001-R	Active	MODERATE	43.74	Monitor
PL-1002-R	Active	HEALTHY	82.73	Routine monitoring
PL-1003-R	Active	CRITICAL	16.24	High — inspect
PL-1004-R	Active	MODERATE	43.81	Monitor
PL-1005-R	Under Maintenance	HEALTHY	86.93	Routine monitoring
PL-1006-R	Active	CRITICAL	14.59	High — inspect
PL-1007-R	Active	MODERATE	44.19	Monitor
PL-1008-R	Active	HEALTHY	85.22	Routine monitoring

Known maintenance status

Pipeline	Recorded status	Work order / team / completion
PL-1005-R	Under Maintenance	Not provided in source data

Data limitation: No work-order numbers, assigned teams, task descriptions, maintenance dates, repair actions, costs, or completion details were supplied. No maintenance activity beyond the recorded operational-status field is asserted.
